

BE PREPARED AND PLAN

In the case of an active shooter, you can prepare by having a plan and making sure everyone knows it. Know where your medical kits are and how to use them.

REQUEST A PRESENTATION

The Sugar Land Police Department makes C.R.A.S.E. presentations available to Sugar Land residents, homeowner associations, companies and other organizations. The presentations teach the Avoid-Deny-Defend principles.

The full presentation is approximately three hours in length. Presentations can be tailored to your allotted time frames if necessary.

A presentation may be arranged by contacting the Police Department's Crime Prevention Unit. Call your neighborhood's police beat to make a request. Find your police beat here: www.sugarlandtx.gov/policebeats.
